Dear Sir/Madam,

Can you help us <u>make a difference</u> to the lives of young people across Birmingham?

Titan Partnership is a local charity that works directly with schools across the city. With a focus on **making a difference** to the lives of young people in some of Birmingham's most deprived areas, we are working hard to create opportunities for them, to raise their aspirations and to help them develop the skills they need for a successful future.

We are organising a raffle to take place at Titan's Annual Dinner, a fundraising event held on 29th March 2018. We are looking for raffle prizes to help raise funds for more events and activities which will directly benefit those young people who need them most.

Raffle tickets will be sold across Titan's network; in excess of 7,000 staff, stakeholders and partners, therefore we would hope to raise a significant figure of **£3,000**

Did you know…?

£250 provides transport for 50 students to attend the Titan Careers and Skills Fair (June 2018)
£500 provides transport for 100 students to visit employer sites across the West Midlands
£1000 provides a one week intensive work experience programme for 10-12 'at risk' students
**£5000** allows 360 primary school children to take part in a unique two day sports event

Titan is extremely grateful for any raffle prize you are able to donate. You may however prefer to donate money directly to our Just Giving page **https://www.justgiving.com/titanpartnershipltd**

However you choose to support Titan's fundraising efforts we will ensure that your organisation is acknowledged and thanked across all of our promotional collateral, online media and also at the event itself.

Should you wish to donate a raffle prize for the Titan Annual Dinner please contact Sarah Payne at sarah.payne@titan.org.uk or 0121 607 1930

We would like to thank you in advance for helping Titan in **making a difference** to the lives of young people across our city.

Kind regards

Carolyn Chapman-Lees
